BWFCA 2021 Refund Policy

Due to the constant changing economy and COVID-19 pandemic we are continuing the refund policy that was updated in 2020 to keep our program financially sound. This is not meant to cause undue difficulties for those that choose to drop from the program, however with the investments involved in equipment and other associated costs to the program some of these fees need to be recouped.

From the start of the first scheduled registration to July 1st if a participant chooses to drop all monies will be refunded less a \$50 administration fee. All raffle tickets must be returned including any sold or unsold tickets. Any money collected beyond the \$50 from raffle sales must also be returned.

From July 1st to August 1st if a participant chooses to drop 50% of all monies will be refunded. All raffle tickets must be returned including any sold or unsold tickets. Any money collected beyond the \$50 from raffle sales must also be returned.

After August 1st no refunds will be given except the security deposit check given for the equipment will be returned once the equipment provided is returned. Two weeks will be given to return your equipment or your security deposit check will be cashed. You can make special arrangements for the return of equipment with the Football and/or Cheer Coordinator or Board member.

All raffle tickets must be returned including any sold or unsold tickets. All money collected from the raffle sales must also be returned.
